Profile

Goal-oriented JavaScript Developer, looking to enhance my professional experience with an IT company specialising in web technology. Armed with a deep sense of responsibility and possessing very high levels of enthusiasm to give my 110% for any endeavour.

Work Experience

● **JavaScript developer @ Koji - GoMeta, Inc** present
Worked on useful open source projects built in TypeScript and React. Made fun games in React, p5.js that more than thousands played!

Web Technologies & Frameworks: HTML-CSS, React
Database and ORM: MySQL
Application/Web Server: ExpressJS & Google Cloud
Deployment Tools: Docker & Kubernetes

● **Maker | paprink.com** side-project
Built this extensive project from scratch to the end. Has everything that a complex web-app needs. From RichTextEditor to OAuth, built on the server-side with the power of ReactJS and GraphQL.

Web Technologies & Frameworks: HTML-CSS, NextJS, GraphQL
Database and ORM: MySQL, Prisma for GraphQL
Application/Web Server: ExpressJS
Deployment Tools: Now.sh, Heroku

More projects and their information at https://kumar.now.sh
